

Christ Congregational Church, UCC

HOW MUCH SHOULD I PLEDGE?

CONSIDER YOUR PLEDGE AS A PERCENT OF YOUR MONTHLY INCOME.

Annual Income	Monthly Income	2%	3%	4%	5%	10%
16,000	1,333	27	40	53	67	133
20,000	1,667	33	50	67	83	167
25,000	2,083	42	62	83	104	208
30,000	2,500	50	75	100	125	250
35,000	2,917	58	88	117	146	292
40,000	3,333	67	100	133	167	333
45,000	3,750	75	113	150	188	375
50,000	4,167	83	125	167	208	417
60,000	5,000	100	150	200	250	500
75,000	6,250	125	188	250	313	625
100,000	8,333	167	250	333	417	833
125,000	10,417	208	313	417	521	1042

1. Find where you are on the above chart by looking for your annual or monthly income on the first column.
2. Find on that row, how much you pledged last year.
3. Then look to the right one number to find a possible goal pledge amount

For example, if you make \$20K per year and you pledge \$33 per month. You would see that the second row shows that you give 2% of your income to the church. As a goal, try to move to the right one number which is \$50 per month, 3% of your income.

On average, Americans give 2% of their income to charity. Giving even 1% more of annual income to charity would be transformative for our congregation and other organizations doing good in our community.

Together we can do this!

If WE increase our pledges, we can lessen our reliance on our invested funds so that our invested monies never run out. The seed we plant now will grow for our future.
